Kline DuBose | Resume

▶ Status: Team Lead for Transparent Social Analytics, GESIS

▶ Field: Software Engineering, Data Science

▶ Techs: R, bash, Python, javascript, Lua

222	Experience

since 03/2022	Team Lead	GESIS
,	▶ Coordination of a project to build an Open Science platform with reusable code and tutorials	
	▶ Implementation of tools to enhance reproducibility and facilitate researin R	arch with digital data
2018 - 2022	Presidential Fellow	University of Manchester
	▶ Research on Disinformation on Social Media	
	▶ Analyses of large scale and unstructured data sets with R, Python and	d Bash
2017 - 2018	Post Doctoral Researcher	ETH Zurich
	▶ Developing new methods to analyze social networks	
	▶ Gathering and analyzing large datsets from Social Media APIs	
2015 - 2017	Post Doctoral Researcher	University of Konstanz
	▶ Developing new methods to analyze social networks	
	▶ Webscraping and harmonizing a large corpus of football data	
2012 - 2015	Ph.D. Candidate	University of Konstanz
	▶ Developing new methods to analyze social networks	
	▶ Implementing methods in libraries	
>>> Education	1	
2012 - 2015	Ph.D. in Computer Science	Konstanz, Germany
2012 - 2015	Thesis: A Positional Approach for Network Centrality	Ronstanz, Germany
	 Developed and implemented new methods to assess network centrality 	7
	* Developed and implemented new inclineds to assess network centrality	,
2006 - 2012	Diploma in Business Mathematics	Karlsruhe, Germany
	➤ Thesis: Modularity Maximization	
	▶ Implementation and comparison of different clustering algorithms usin	ng Matlab
